

Arkansas Fertility and Gynecology Family,

It has been the greatest joy and honor of my career to walk alongside so many of you on your journey to parenthood. Over the past 45 years, I've had the privilege of witnessing hope take root, resilience shine through, and miracles unfold. Being entrusted with your dreams, your fears, and your stories has meant more to me than words can fully express.

To my colleagues and team: Your dedication to excellence and compassionate patient care has been instrumental in the success of this practice. I leave with confidence that this clinic, and the patients it serves, will continue to be in excellent hands.

Thank you for trusting me with your stories, your dreams, and your care.

With gratitude,
Dr. Batres, M.D.
